

D&H Gas Co Public Awareness Program Notice

D&H Gas Company Office
In DeQuincy, Louisiana

Providing Residential & Commercial
Natural Gas Service in southern
Newton County, Texas

PUBLIC NOTICE

The Purpose of this message is to inform the public that D&H Gas Co has buried gas pipelines throughout the gas service area that provide safe reliable energy to its customers. D&H Gas Co is committed to ensuring a safe and reliable natural gas system. Our pipelines meet or exceed federal and state requirements, and we are committed to improving the system to meet the growing demand within our service area.

A Damage Control Program (line markers) and an 'Emergency Plan for responding to an emergency has been established and we work closely with Fire and Emergency Response Personnel. Prior to any excavation and/or digging in or around any gas pipelines, please contact the number below.

HOW TO RECOGNIZE A GAS LEAK

Natural gas leaks may be detected by one or more of the following indications on or near our pipelines right-of-way:

1. A gaseous or hydrocarbon odor.
2. Blowing or hissing sound.
3. Dust blowing from a hole in the ground
4. Continuous bubbling in one spot in wet or flooded areas.
5. Dead vegetation (grass, shrubs, or trees).
6. Abnormally dry or hardening soil
7. Fire apparently coming from the ground or burning above the ground.

HELP US KEEP YOU SAFE

Caution: Gas that has accumulated in a confined space is subject to **EXPLOSION**. Please stay away from the immediate area of a suspected gas leak and contact JPC Energy, LLC Gas department.

Note: D&H Gas Co. does not maintain buried piping between the gas meter and the house or business. The customer is responsible for maintaining and repairing his section of gas piping from leakage. These buried gas lines should be checked periodically for leakage.

If you need additional information, suspect a natural gas leak, or in case of an emergency concerning a D&H Gas Co. system gas main or service line
